

Northeast Silviculture Institute for Foresters

APPLICATION

Overview session: May 23-24, 2017 - **Application Deadline April 10, 2017**

The Silviculture Institute will provide practicing field foresters new and up-to-date silviculture knowledge to make better decisions in management of forests in the northeast. There are a limited number of seats (50) at the Institute sessions. The following questions seek to differentiate the applicants to address this challenge of limited seating. An important note: The Silviculture Institute will offer the same five modules of training in 2018 as it is offering in 2017. Further, training from 2017 will be video recorded and all materials will be offered on an a-la-carte basis online later in 2017 for those not selected for on-site training or for those who choose to take training online.

Please complete the following (either typing or hand written) and e-mail to levesque@inrsllc.com.

Note: Publicly employed foresters - contact your supervisor. Do not use this form for application.
